

The DRIFTWOOD COLLECTION

RELAXER LOUNGE CHAIRS

Designed with modern simplicity and lasting durability in mind, the Relaxer Lounge Chair delivers a refined balance of comfort and architectural style. The clean-lined aluminum base provides a strong yet lightweight foundation, while generously cushioned seat and back components offer supportive comfort for extended use. Thoughtful proportions and angled arms create an inviting seating solution ideal for lounges, waiting areas, patient rooms, or upscale residential spaces. Available in one, two, three, and four section configurations, the Relaxer adapts to a variety of layouts and user needs. With its understated silhouette and versatile materials, this piece integrates seamlessly into a wide range of interior and exterior environments.

The SWATCH FAMILIES

Swatch families are shown as inspiration. Pelican Furniture offers full access to Sunbrella® and OutTrust™ fabric lines, allowing customers to choose the exact color and pattern they prefer. Pelican Furniture cushions are upholstered in premium performance fabrics from Sunbrella® and Outtrust™, designed for both indoor and outdoor living. These fabrics are solution-dyed acrylics that resist fading, mold, mildew, and moisture, even in high-sun or poolside environments. They offer excellent colorfastness, strong UV protection (UPF 50+), and are water and stain-repellent with PFAS/PFOA-free finishes. Built for everyday durability, they stand up to heavy use with high abrasion resistance while maintaining a soft, comfortable feel.
