

WORK & WELD TABLES

Built to handle serious workloads, this heavy-duty work table is designed for strength, stability, and long-term performance in demanding environments. With a massive 4,000 lb load capacity and a 4" solid steel tabletop, it provides a rock-solid surface for fabrication, assembly, and industrial applications. The welded steel construction ensures maximum durability, while the integrated bottom shelf offers convenient storage for tools and materials. Equipped with four industrial casters (two swivel, two inline), the table moves easily when needed and stays steady during use. At 1,100 lbs, this is a true industrial-grade table that ships fully assembled, so it's ready to go to work the moment it arrives.

SF367230-WLDT

WORK TABLE STANDARD FEATURES:

- Load capacity: 4000 lbs.
- Table weight: 1100 lbs.
- 4" Solid steel table top
- Heavy duty welded steel construction
- 6" Plate: (2) swivel casters with total locking system and (2) rigid casters
- Bottom shelf for storage
- Ships fully assembled

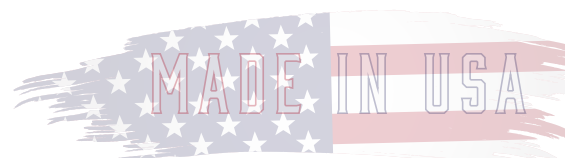

WORK TABLE SIZES:

⬡ SF364848-WRKT	36"H x 48"W x 48"D
⬡ SF367230-WRKT	36"H x 72"W x 30"D
⬡ SF369630-WRKT	36"H x 96"W x 30"D
⬡ SF367236-WRKT	36"H x 72"W x 36"D
⬡ SF369636-WRKT	36"H x 96"W x 36"D
⬡ SF367248-WRKT	36"H x 72"W x 48"D
⬡ SF369648-WRKT	36"H x 96"W x 48"D

SF367230-WRKT with Casters

**All dimensions are approximate and may vary due to standard manufacturing tolerances.*

Engineered for precision, strength, and versatility, this industrial welding table is built to perform in the toughest fabrication environments. With a 4,000 lb load capacity and a rugged 5-face design with 4" sides, it provides multiple working surfaces for complex setups and fixturing. The tabletop features over 700 precision CNC-cut 5/8" holes, allowing for fast, accurate clamping and repeatable positioning. Its heavy-duty welded steel construction delivers exceptional stability, while the 6" plate base with premium casters, including (2) swivel casters with a total locking system and (2) rigid casters—makes it easy to move and lock firmly in place. A built-in bottom shelf adds practical storage for tools and fixtures, and at 1,100 lbs, this table ships fully assembled and ready for production work right out of the crate.

WELD TABLE STANDARD FEATURES:

- Load capacity: 4000 lbs.
- Table weight: 1100 lbs. 5-Face welding table with 4" sides and 5/8" hole construction
- Over 700 precision cut CNC holes (5/8")
- Heavy duty welded steel construction
- 6" Plate: (2) swivel casters with total locking system and (2) rigid casters
- Bottom shelf for storage
- Ships fully assembled
