

HD STEEL CABINETS

Product Information

Transform your garage, workshop, or commercial space with our Fully Modular Storage Cabinet System. Engineered for professional performance and designed for maximum flexibility, this unit provides the strength and adaptability you need to organize your world.

Why Choose This System?

This modular cabinet system is more than just storage; it's an investment in organization, durability, and professional-grade quality. Whether you are outfitting a busy workshop or creating the garage of your dreams, this system provides the strength and flexibility to get the job done.

The **ULTIMATE** Modular Storage Solution

Key Features & Robust Construction:

- » **Fully Modular Design:** The foundation of a system built for growth. Easily expand and customize your storage setup as your needs evolve.
- » **Heavy-Duty Steel:** Constructed with robust 16 gauge steel, this system ensures long-lasting strength and exceptional durability, standing up to the toughest environments.
- » **Built-for-Durability Doors:** Featuring double-sided doors for enhanced rigidity and resilience, guaranteeing performance cycle after cycle.
- » **Smooth & Reliable Operation:** Doors swing effortlessly on full-length stainless steel hinges, providing smooth, dependable access every time.
- » **Premium Hardware:** Secure your contents with flush mount black or chrome latches that add a professional touch while ensuring a reliable closure.
- » **Adjustable Shelves:** Maximize your storage potential! The internal shelves are fully adjustable to effortlessly accommodate tools, equipment, and items of various sizes.
- » **Durable, Professional Finish:** A tough textured powder-coated finish not only gives the cabinet a professional, high-end look but also provides superior resistance against scratches, chemicals, and everyday wear and tear.
- » **Heavy-Duty Drawer System:** Engineered with industrial-grade slides, offering a 200-400 lb weight capacity per drawer (size-dependent) for reliable performance under demanding loads.
